### Joe Carson

Joe Carson and his team at Warhawk Legal have established a solid reputation for building creative, effective and valuable solutions for clients' legal issues. With more than 45 years of experience successfully representing clients, their attorneys are dedicated, experienced and above all, honest about how they can help with your case. Warhawk Legal will fight to get you the justice you are owed, and guide you through the turbulent and sometimes overwhelming experience of navigating the legal system in pursuit of your rights.

"Joe Carson and his staff are unbelievable," said one client. "I had no idea what to do or where to turn, and they calmed me down and helped me the entire time."

Carson and his firm have reached verdicts and settlements of more than \$200 million for clients. Warhawk Legal has successfully represented clients in the areas of personal injury, wrongful death, product liability, medical malpractice, criminal defense and nursing home negligence, as well as oil and gas and environmental litigation. Potential clients receive free case evaluations/consultations, and most clients only pay if Warhawk wins the case. If Warhawk takes your case, they will prepare for trial from day one.

Joe Carson has received numerous prestigious awards from the legal community — including an AV® rating from Martindale-Hubbell® and inclusion in the exclusive list of SuperLawyers® — and is a frequent speaker in the areas of litigation, personal injury and wrongful death matters.

Hard-working, honest and accessible; that's Warhawk Legal. Put your trust in them, and move forward with life.
